

Stellenbezeichnung: Junior Regulatory Affairs Manager (m/f)

Junior Regulatory Affairs Manager (m/f)

YOUR TASKS AND RESPONSIBILITIES

- Achieve, manage and maintain registrations for veterinary pharmaceutical products worldwide in alignment with a Senior Regulatory Affairs Manager
- Contribute to give on-going regulatory advice and support to our international project teams responsible for the development of new products
- Definition of global registration strategies to ensure that regulatory needs/requirements are planned and accounted for and the relevant data are generated to meet project objectives
- Contribute to give support to our subsidiaries worldwide prior and during registration procedures
- Give support in preparing and supervising submissions to regulatory agencies worldwide
- Assist in preparing and supporting scientific advice requests to national and international regulatory authorities worldwide and contribute to conduct meetings with them
- Support communication and coordination with national and international regulatory authorities, subsidiaries and Bayer Animal Health internal departments
- Support maintenance of electronic filing systems and regulatory databases
- Support regulatory operations and label management

WHO YOU ARE

- University degree in pharmacy or other life-science oriented studies (e.g. veterinary, human medicine, biology or chemistry), preferably with PhD
- Previous working experience and expert knowledge in registration of animal and/or human pharmaceutical products within the EU and/or the United States is desirable
- Knowledge of relevant laws, regulations and guidelines
- High degree of self-initiative as well as the ability to accomplish objectives despite obstacles and setbacks as well as to work to firm deadlines
- Ability to focus on multiple issues at one time and work under time pressure in a complex, fast changing environment with competing priorities
- Leadership and project management skills, including cross-functional and inter-cultural communication
- Effective communication skills, spoken and written, as well as strong negotiation and analytical skills
- Pleasure to work in a team as well as the ability to build partnerships and work collaboratively with others to meet shared objectives
- Excellent spoken and written English is required, knowledge of an additional foreign language is desirable
